

Memorial Prompt Care & Family Medicine

AFFILIATED WITH ORANGE COAST MEMORIAL MEDICAL CENTER

Dear Employer:

For over 20 years, our medical group has been providing comprehensive occupational healthcare services at our two Orange County locations for over 900 companies and organizations. We offer the convenience of seven day a week/24 hour coverage with an all Board Certified experienced and dedicated physician group. We can provide all the necessary components of an occupational medicine program designed to meet your specific needs and requirements.

Memorial Prompt Care is the only private physician-owned and hospital affiliated facility in Southern California. We have the support and services of Memorial Care – Long Beach Memorial Medical Center, Orange Coast Memorial, Saddleback Memorial and Anaheim General. Our physicians are all Board Certified in primary care, experienced in occupational medicine and dedicated to providing the highest level of care for you and your employees. Our emphasis is on cost control and early return to work with minimal lost time.

As the Medical Director for several municipalities and large Fortune 500 companies, I have developed a keen sense for employer needs and ways to achieve a quality and efficient occupational healthcare program. I would welcome the opportunity to provide state-of-the-art services at our modern, conveniently located facilities for you and your employees. Please review the attached information and feel free to call me with any questions at (714) 891-9008 ext. 223 and I would be happy to design and set-up a program to meet your needs.

Thank you for your consideration in advance.

Yours truly,

Jamie B. Lewis, M.D.

Executive Medical Director

Diplomat,

American Boards of Emergency, Family and Ambulatory Medicine
