Microdermabrasion

One of the most popular procedures performed today. It is a non-surgical treatment that gently polishes and refines the skin while promoting new cell growth and improving the overall look to your skin. This extraordinary treatment can minimize fine lines, sun damage, enlarged pores, scars and acne. A series of five or more is highly recommended for the best results with monthly treatments thereafter.

Face	\$80	Series of Six Treatments	\$400

Hands	\$25		

Epicuren Enzyme Facial **\$85**

A 'mini lift' that is a relaxing treatment that stimulates blood flow to the face, releasing toxins and giving skin a healthy glow.

MicroPeel Facial **\$80**

A three step process that removes a micro-thin top layer of skin to free impacted debris from the pores and lessen the appearance of fine lines and brown spots. Facial hair is temporarily removed during this treatment.

MicroPeel Plus Facial **\$95**

A light chemical exfoliation by using salicylic acid. This treatment is most beneficial for acne skin conditions and helps even out skin discoloration.

European Facial

\$80

A deep cleansing treatment that hydrates, steams, extracts, exfoliates and nourishes your skin.

Vitamin C Facial

\$80

Restore your face with the proven benefits of vitamin C: prevents premature aging in skin, stimulates collagen production, fights free radicals, and improves the appearance of fine lines and wrinkles. Powerfully firms your skin and enhances elasticity.

Mini Express Facial

\$45

For those on the go but need a mini get away—a personalized treatment designed to meet your specific skin care needs in half the time.
